A Million Dollars Wouldn't Be Too Much!

Louis Rushmore

If I had it, I could spend \$600,000 tomorrow in the foreign mission field. Around \$500,000 would permit the new children's home to be completed in Enmore, Guyana, South America. Much effort and funds have been spent on the building so far, and its unfinished frame is being beaten by the tropical weather, especially since it is not under roof yet. To heighten the need for the new home to be completed sooner than later, **Hope Children's Home was completely destroyed by fire**, except for the girls' dormitory, near the end of July this year. **The connected church building was also a total loss.** Therefore, many additional thousands of dollars, of the remaining \$500,000 from the million dollars I don't have, could provide another building in which the Enmore congregation could worship. Down the road toward Suriname, another

church of Christ needs money to build a church meetinghouse. The preaching brethren with whom I've traveled across the nation preaching Christ are some of the most dedicated brethren anywhere, and they could use more money with which to continue their preaching excursions, especially in the interior jungles and savannas.

Each January, I am committed to spend \$56,000 divided between Indian and Guyanese brethren. That money covers television programming for a year from New Delhi, India, as well as follow-up money for postage, printing, Bibles, etc.; at the same time, or sooner if I can facilitate it, more money goes to Guyana, several weeks before I journey there, for our traveling workshops throughout Guyana, plus another television program,

which covers about two-thirds of the country.

Even more money is needed to ship literature and Bibles to Guyana for distribution to Christians and to non-Christians, too. In the past, I provided funds for books and tracts to be printed in languages of India, but I haven't been able to do that for years. One of my books in particular is about Deity and almost entirely about Jesus Christ; that's particularly useful in India as more and more people desire to be baptized and to add Jesus as just one more god to the numerous gods they already revere in Hinduism. The same problem occurs for Buddhists as well. These people and others around the world really need extra teaching about the Lord. Thousands of dollars, of the million dollars I don't have, could enable that title to be translated and printed in some primary languages of the thousands of dialects spoken there. The same could be done for languages of other countries, too.

There are actually six volumes in the sermon series of which the first one is about Deity and particularly about Jesus Christ. The set contains most of the sermons that I have preached for more than five decades. If you would like to obtain the set of complete, full-sentence outlines, call our warehouse and office at the World Evangelism Building in Winona, Mississippi at (662) 283-1192. There are hundreds of additional books, *The Voice of Truth International* magazine and full-color, shirt pocket size tracts. 🌐

Collateral Damage

Louis Rushmore

The effects of the fire that destroyed the buildings for the Enmore Church of Christ and the Hope Children's Home damaged more than those structures. The children lost everything—clothes, shoes and cherished but otherwise to most people what might be considered insignificant personal belongings. For some children, they lost the only home that they have ever known and their family-like boys and girls with whom they dwelt at the children's home. Insecurities these children may already harbor, doubtlessly, were heightened because of the destructive fire that consumed their little world.

Fortunately, no loss of life occurred and only a few suffered minor injuries, from which they will recover. Nevertheless, there was collateral damage of the human variety. Though we cannot do much to mitigate any trauma that children or staff may have experienced, we can do a little to rebuild their lives by providing them with clothes, shoes, personal items, toys and books. The easiest and fastest way to do so is not by gathering used things and shipping them to Guyana. Rather, it is far more convenient and expeditious to send funds to buy items that are readily available in Georgetown, Guyana. Please write checks payable to "Church of Christ" with "Hope Children's Home" on the memo line. Mail them to Louis Rushmore, 3338 Boyd Cir., Oxford, FL 34484, and I'll place them into the local branch of the church account for the Siwell Road Church of Christ, whose elders oversee my ministry and missions. That way, I can more speedily transfer the funds as they come to Guyana. 🌐

Not Enough Time

Louis Rushmore

Martha shudders each time I acknowledge that I've taken on another responsibility. I've not been very good at saying "No," or "Enough." Yet, sometimes I volunteer for something. These days, I edit and layout three magazines in conjunction with Emily and Shane Fisher, Paula and Jerry Bates and Betty Choate. They are *Gospel Gazette Online*, *The Voice of Truth International* and *Global Harvest*. Further, I pen my share of articles and books. From time to time, I also teach adult classes and preach in the absence of other brethren or for special events.

It's my pleasure to serve as one of the elders of the Wildwood, Florida Church of Christ. Aside from member or elder related work, I may work myself into at least one more task. We'll have to wait and see. 🌐

We Cannot Do What We Do Without You!

Louis Rushmore

Yes, it's about money, unfortunately. We cannot do what we do without you! I don't have any rich relatives, and Martha and I put into the ministry what we can do periodically. Together, we can do a lot and make a real difference in the world. We can partner with you and you with us. Mail your gift, made out to the Siwell Road Church of Christ, to 4075 S. Siwell Road, Jackson, MS 39212. Important: write on the memo line "Rushmore Missions," otherwise it could be misapplied unintentionally. Thanks. 🌐
